This is a courtesy copy of an email bulletin sent by Lee Mcpherson.

This bulletin was sent to the following groups of people:

Subscribers of News Releases who answered "All Counties" or "Multnomah" or did not respond to "What County(ies) would you like to receive information from?" (If you don't select any of the options below you will receive all counties)", "Environmental cleanup/tanks" or did not respond to "What topic areas would you like to receive information about?" (2014 recipients)

Cleanup activities resume this week at the Arkema Inc. site located at 6400 N.W. Front Avenue on the west bank of the Willamette River with a focus on addressing the upland areas. Chemical manufacturing from 1941 until 2001 contaminated the site with chemical.

For more information, please see the news release:
